RESTATING CLAY ^{19 - 20} MARCH 2018 CONFERENCE PROGRAMME

Making, learning, communicating and collecting contemporary studio ceramics.

York Museums Trust

Supported by Arts Council England

RESTATING CLAY CONFERENCE PROGRAMME

The Restating Clay conference has been conceived and developed by the Subject Specialist Network (SSN) for contemporary studio ceramics, which is run and hosted by the Centre of Ceramic Art (CoCA) at York Art Gallery. The conference brings together potters, artists, curators, academics, students, collectors, gallerists and enthusiasts from the UK and beyond, to share experience and knowledge about the issues that matter to the sector, in line with CoCA's commitment to debating and celebrating clay.

The Restating Clay conference and associated programme would not have been possible without the support of Arts Council England (ACE) and the event steering group. Please embrace this opportunity to share, develop ideas and network.
